

GEAR UP Medallions Design Lab

Do you enjoy science, technology, engineering, and math? In this week-long camp, you will learn to design and assemble your own medallion. You will learn about digital electronics, you will program your design using G-Code, and you will learn about creating your own business by meeting some local entrepreneurs and brainstorming ideas for your own future enterprise.

- Free of Charge
- For students going into 4th through 9th grades
- Camp 1: June 21st through 24th
- Camp 2: June 27th through July 1st
- Camp 3: July 6th through 8th
- Times: 1 to 4 p.m.
- Program Location: Sibley Center
122 E. Tutt Street, South Bend
