Program Location: The Beacon Resource Center 4210 Lincoln Way West, South Bend. Please park at the back of the building and enter through Door B.

Contact: hello@riverbendmath.org or call (574) 222-1515

We need volunteers as homework tutors, in-class helpers, guest speakers.

Clubs, Classes, and Circles

To participate in the free classes and clubs below, students must complete an interview. These activities will begin the week of September 17th. Contact us for more details and to set up an interview.

Math Circles: Math Circles are in-depth discussions designed for students who are eager to explore mathematical ideas. Most Math Circles meet Wednesdays or Thursdays.

Study Tables: Students form study tables to work together on specific mathematical skills and concepts. The tables are scheduled for a time within Math Studio that fits the schedules of the students and their instructor.

Tech Studio: During Tech Studio, students will work on technology-related projects such as computer programming and building robots. Tech Studio meets Mondays from 5:30 to 7:00 p.m.

And More: We plan to expand our list of clubs, classes, and circles. If you have an idea for a STEM-related group you would like to lead or participate in, please contact us.
